1. In Tulcea, at the Maruzov farm, close to the local cemetery, a radio station has been erected. Reportedly, this radio station is used to jam the Voice of America broadcasts. Another jamming station is located near the village of Casla on the road between Tulcea and Isaccea. This station usually operates at night.
2. At Sinaia a special school has been established for trusted civil servants who receive partisan training. It is believed that these persons will be "stay behind" cadres in the event that Rumania is occupied. Allegedly, these students have been given sealed orders to be opened only in an emergency.
